2. PROJECT DESCRIPTION

2.1 PROJECT BACKGROUND

As part of the **Professional Skills module**, Ocean Crew participated in a community service project at a turtle sanctuary. The project was organized to provide practical experience in community engagement while contributing to the care and protection of turtles.

During the visit, the group actively participated in various activities related to turtle care and sanctuary maintenance. These activities provided an opportunity to work together as a team, interact with the sanctuary environment, and gain a better understanding of the responsibilities involved in protecting marine life.

The project also allowed us to learn about turtles, their needs, their challenges, and the importance of conservation. In addition to volunteering our time and effort, the group made a small financial contribution to support the sanctuary.

2.2 OBJECTIVES

No.	Objective
01	To contribute to the care and wellbeing of turtles.
02	To assist in maintaining a clean and suitable environment for the turtles.
03	To gain practical knowledge about turtles and their conservation.
04	To develop teamwork and communication skills through practical activities.
05	To develop a greater sense of environmental and social responsibility.
06	To gain practical experience in community service and professional engagement.
07	To provide financial support to the turtle sanctuary through a group contribution.

2.3 ACTIVITIES

No.	Activity	Description
01	**Sanctuary Cleaning**	Cleaned and maintained areas within the turtle sanctuary.
02	**Turtle Cleaning**	Assisted with cleaning and caring for the turtles.
03	**Feeding Turtles**	Fed the turtles under the guidance of the sanctuary staff.
04	**Applying Medication**	Assisted with applying necessary medication to turtles under appropriate guidance.
05	**Learning About Turtles**	Learned about turtles, their care, behavior, and conservation.
06	**Environmental Awareness**	Gained a better understanding of the importance of protecting marine animals and their environment.
07	**Donation**	Provided a small financial contribution to support the sanctuary.
08	**Teamwork**	Worked together as Ocean Crew to successfully complete the project activities.

2.4 PROJECT OUTCOMES

Through this project, Ocean Crew was able to make a practical contribution to the turtle sanctuary while gaining valuable personal and professional experience. The activities helped us improve our ability to work as a team, communicate effectively, take responsibility, and participate in a community-based activity.

The experience also increased our awareness of turtle conservation and the importance of protecting marine life. Most importantly, it allowed us to understand how even a small contribution of time, effort, and resources can support animal welfare and the wider community.

3. BUDGET

3.1 BUDGET BREAKDOWN

The project budget was calculated based on the expenses incurred by each student participating in the project.

No.	Expense	Cost per Student (LKR)	Purpose
